FIRST FLOOR

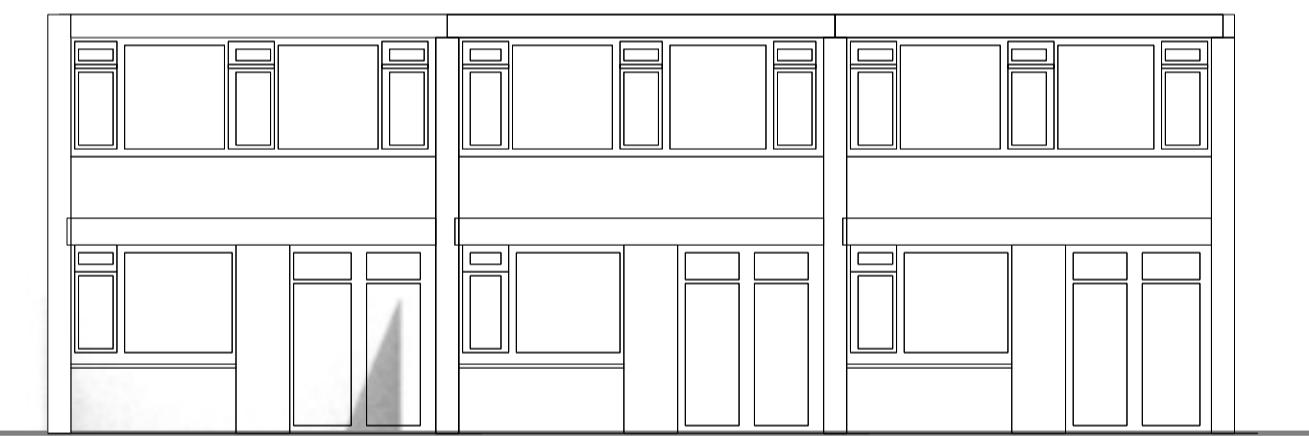

SECOND FLOOR

THIRD FLOOR

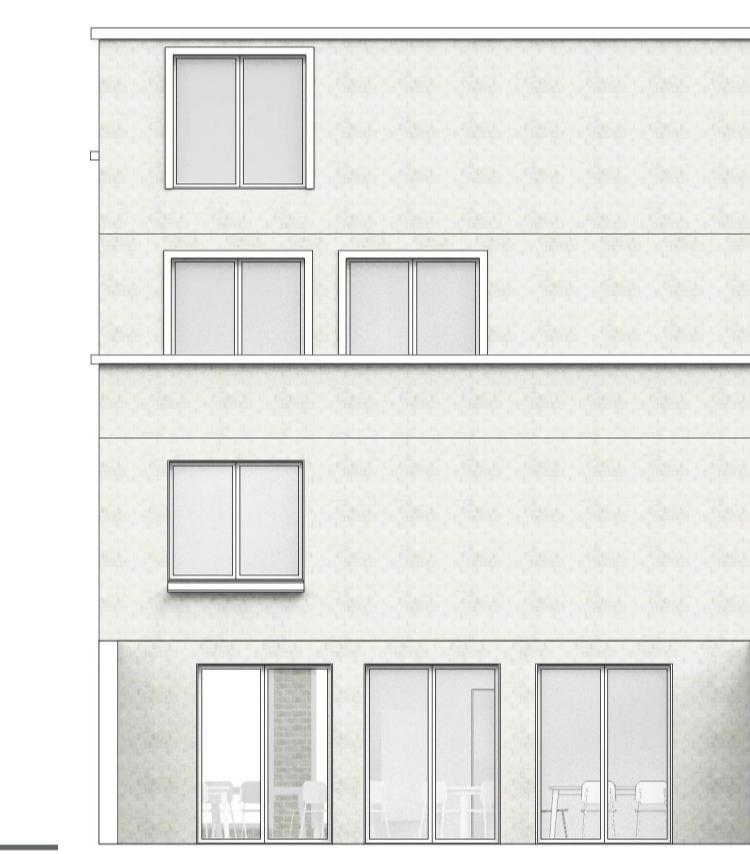

WEST ELEVATION

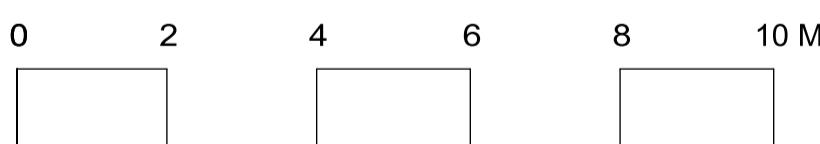

An architectural rendering of a modern building facade. The upper portion of the building has a light beige or cream-colored textured wall with several windows. The windows are double-hung with white frames and dark gray or black glass panes. On the left side, there's a small, separate structure with its own window. The bottom part of the building features a green-tiled base. To the right of the main building, there's a vertical element with a grid pattern.
